

SAME DAY TEETH

Restore your smile to how you remember

What are Same Day Teeth?

Discover Same Day Teeth, an innovative dental procedure that enables you to reclaim your smile in just one day. This advanced technique allows for the extraction of damaged teeth and immediate replacement with durable dental implants and prosthetics, restoring both function and aesthetics seamlessly.

Why choose this procedure over alternative implant procedures?

Same Day Teeth revolutionise tooth replacement by offering immediate results without the inconvenience of multiple appointments. Unlike traditional implant procedures, Same Day Teeth eliminate the need for temporary restorations, dentures, and extensive grafting procedures, providing you with a permanent solution from day one. Enjoy restored confidence and functionality without prolonged treatment times.

How does Same Day Teeth Work?

Same Day Teeth involve a streamlined process where damaged teeth are extracted, implants are placed, and prosthetic teeth are attached—all within a single day. Our skilled dental team utilises state-of-the-art technology and precise techniques to ensure efficient and effective treatment, minimising discomfort and maximising results.

How do I know if I can have this treatment?

At Silk Dental, we understand the importance of personalised care. We offer a FREE, no-obligation consultation with a dedicated treatment coordinator to assess your eligibility for Same Day Teeth. Our experts will evaluate your oral health, bone density, and overall suitability for the procedure, providing you with tailored recommendations and answers to all your questions.

What is the Recovery Process Like?

Following Same Day Teeth treatment, your recovery process is carefully managed to promote healing and comfort. While some temporary discomfort and swelling are normal, our team will provide you with comprehensive post-operative instructions and support. Expect a swift recovery, with most patients resuming normal activities shortly after treatment.

What if I am a nervous patient?

At Silk Dental, your comfort and peace of mind are our priorities. For nervous patients, we offer sedation options to help you relax throughout your Same Day Teeth procedure. From mild sedation to deeper levels of relaxation, our experienced team will tailor the approach to your individual needs, ensuring a stress-free and positive dental experience.
