

COMPOSITE BONDING

Enhance Your Smile, Elevate Your Confidence

What is composite bonding?

Composite bonding is a cost-effective cosmetic dentistry technique that allows for same-day restorations and can fix minor imperfections for a fraction of the cost of treatments such as orthodontics, veneers or crowns.

How does it work?

Composite resin is matched to the natural tooth colour and then placed directly over the teeth with mostly no preparation of your natural teeth. Your dentist will then shape as required before setting with a UV light. Once set, the resin will look and feel like your natural teeth.

Treatment is often completed in a single visit so you can see your new smile straight away!

How long does it last?

It will typically last around 5-8 years before needing to be touched up or replaced. Its longevity is dependent on several factors such as the site of bonding on the tooth, oral hygiene habits, diet, and habits like teeth grinding or nail biting. Regular maintenance and check-ups with a dentist and hygienist can help prolong the lifespan.

Read all our patient's reviews on Google

"Dr Anas was amazing and I could not recommend them enough. Thank you so much for my new teeth, I love them."

—★★★★★—

"I've recently had composite bonding done on my top teeth, they are absolutely incredible and more than I could ever imagine my teeth looking."

—★★★★★—

"Genuinely the best experience when visiting a dentist"

—★★★★★—

"Had composite bonding done and am so happy with the results. Now confident to smile again"

—★★★★★—

"I would like to thank the whole team at Silk, everyone made me feel very welcome from the moment I walked in and they answered all the questions and queries I had."

—★★★★★—

How much is Composite Bonding?

The price of our composite veneers can vary based on the initial arrangement of your teeth, materials chosen, complexity of your case and treatment time required.

To give you a guide, they are priced from £200 for edge bonding and £395 for a full coverage composite veneer of the tooth.

Interested in a Payment plan?

We have flexible payment plans to help spread the cost of treatment interest free over 12 months or interest bearing from 24 months up to 60 months. You can speak to a member of our team if you want to know more about these finance options or visit our website and you'll get an answer straight away.

Available for many treatments and for up to £30,000. Credit decisions will be subject to your individual circumstances. You must be over 18 and earn an income to apply.

Get an interest-free loan in under 5 minutes

Applying for a loan to cover your treatment costs has never been easier. Visit our website and you'll get an answer straight away. Available for many treatments and for up to £30,000. Credit decisions will be subject to your individual circumstances. You must be over 18 and earn an income to apply.

Applying is easy and won't affect your credit score

Our lenders ask simple, but relevant questions and your data is kept private at all times. Finance applications only run soft credit checks, so if your application is unsuccessful your credit score won't be affected.

Payments are taken once a month - no hidden fees

Once your loan starts, payments are collected every month, you can easily change your payment day online if you wish to. You also won't get charged an extra fee for things like repaying early, or even for missing a payment. Once your last payment is through, that's it, you're done.

FINANCE CALCULATOR

Below is an example of the monthly repayments you would be making on a finance amount of £1820.12 which would typically cover the cost of 6 teeth being treated:

12 MONTHS

£151.66

Per Month
(0% APR)

5 YEARS

£37.90

Per Month
(9.9% APR)

**Note that loans cannot be for more than your treatment cost*

WOULD YOU LIKE A CONSULTATION WITH ANAS?

A consultation with Anas is a comprehensive 30 minute assessment including a detailed discussion of your aspirations for your smile and changes you would like to make, a digital scan, clinical photographs and a bespoke treatment plan.

There is a £85 investment to secure the appointment.

Anas will explain how changes can be made to your smile including timescales and there is no obligation.
